Insurance Needs Survey - Report

1. You selected the following Trade(s):

- **General Contractor**

- AKA; General Building Contractors, Prime Contractor, or GC||Perform remodeling, additions or ground up construction residential or commercial work. The GC may self-perform or subcontract any combination of the trades. Some state requires a minimum of 2 trades be performed by the GC, where some states do not have that requirement. Many states require a specialty license to perform certain trades like electrical, plumbing HVAC, or fire suppression systems. It a good idea to check the requirements of your licensing authority prior to beginning construction, as regulations varies by state.

- **Boiler Contractor**

- GL ISO 91250
- Boiler, hot-water heating and steam fitting contractor installs, services and repairs power boiler installations, hot-water heating systems and steam fitting, including fire-tube and water-tube steel power boilers and hot-water heating low pressure boilers, steam fitting and piping, fittings, valves, gauges, pumps, radiators, convectors, fuel oil tanks, fuel oil lines, chimneys, flues, heat insulation and all other equipment, including solar heating equipment, associated with these systems. (WC Classes may include 3726).
